Defend Pro-Life Vigils

The Abortion Services (Safe Access Zones) Bill will soon be in Holyrood.*It will be illegal to "influence or persuade a person concerning their access to or employment in connection with abortion services". This would prevent women being offered help outside clinics. It would even prevent a family member or social worker expressing an opinion to a woman about her abortion. *People will be criminalised for "persistently, continuously, or repeatedly occupying a safe access zone" - so even silent prayer would not be allowed.
